PRELIMINARY UPM STRATEGIC FRAMEWORK

Outcome Driven, Value-Infused and Inclusive

UPM's present vision and strategic positioning (the true north) need to guide the university.

In order to get our desired results, all initiatives must be outcome-based, value-infused and inclusive.

There are 6 major pillars that need to be in equilibrium. UPM must be the university of choice in all aspects. This ensures that everyone in the university can and will contribute.

There are 5 important foundations to ensure that the university continues to function and prosper. Without a firm foundation, the strategic home of UPM will collapse.
