Malaysia's First AACSB-Accredited University
01 MASTER OF BUSINESS ADMINISTRATION (MBA)

The MBA program at PUTRA was conceived as a collaborative effort between the Faculty of Management and the Economic Faculty. The program is designed for those who wish to develop a comprehensive knowledge of business administration and management skills through postgraduate management education.

PUTRA is the first business school in Malaysia to earn accreditation by AACSB. The Association to Advance Collegiate Schools of Business (AACSB) is a global association of leading business schools. The objective of the association is to advance the quality and prestige of business management education.

Today, PUTRA offers a range of postgraduate management programs such as:
- Master of Business Administration (MBA)
- Master of Management (MMS)
- Master of Science (MSc) and Doctor of Philosophy (PhD).

02 MASTER OF MANAGEMENT (MM) (INFORMATION TECHNOLOGY)

The Master of Management (Information Technology) requires the successful completion of 82 credit hours consisting of core and elective courses. Students are enrolled during the even semesters from 6:00 pm to 9:00 pm. There are four (4) modules in each academic year: September, January, and May. At the end of the program, students are required to do for a comprehensive examination. This written examination covers all the courses studied in the program.

This program is designed for those who are interested in the field of information technology and wish to further their career in the area of technical and business management. It is also designed for those who aspire to be successful managers in the areas of IT and knowledge management. The period of study is 30 months (20) for both full-time and part-time students.

03 MASTER OF SCIENCE (MSc)

Students are exposed to theories and critical issues related to their areas of specialization and learn how to apply these to solve problems in their respective disciplines. Candidates will gain the expertise to carry out research in their specific research disciplines. The MSc program appeals to individuals with an aptitude for advanced research and professional excellence. The program focuses on research project development and use of the appropriate theories and concepts for successful pursuit of a research project to its logical conclusion. Each student is required to defend, pass the final examination, and finally complete the thesis.

The period of study ranges from 4 semesters (2 years) to 5 semesters (3 years). Students are held during the even semesters from 6:00 pm to 9:00 pm. There are two (2) modules of 24 credit hours each academic year, the September and March semesters.

04 DOCTOR OF PHILOSOPHY (PhD)

The main objective of the Doctor of Philosophy programme is to produce young scholars capable of making significant contributions to the body of knowledge in the public or private sector. The doctoral programme is designed to provide an opportunity for excellent students with the background, knowledge, experience, and motivation to pursue a career in teaching and research.

Students are expected to reside with someone strong (teaching and research) and, where possible, to have their own independent income. The period of study ranges from 4 semesters (3 years) to 5 semesters (4 years). Students are held during the odd semesters from 6:00 pm to 9:00 pm. Students are required to write a comprehensive examination in the academic year in the September and March semesters.

COLLABORATION: PUTRA collaborates with more than twenty renowned academic institutions around the world including Kellogg School of Management, USA and the University of Bath, UK.

1. Financial Aid: PUTRA offers a range of scholarship opportunities, including awards, bursaries, and grants. Students are encouraged to apply for these opportunities to support their academic and professional development.

2. International Research: PUTRA is committed to fostering a strong international research culture. The university has established partnerships with several institutions, and students have the opportunity to conduct research in collaboration with international scholars.

3. Student Services: PUTRA provides comprehensive student services to ensure a supportive and enriching learning environment. These services include academic support, career counseling, and health services.

4. Industry Engagement: PUTRA has strong ties with industry partners, which provide students with practical experiences and opportunities for professional development. The university also encourages students to engage in internships and co-op programs to gain valuable work experience.

5. Alumni Network: PUTRA has a strong alumni network, which can be a valuable resource for students seeking advice, mentorship, and job opportunities.
